Course Overview

The Nail Enhancement Program is a program designed from part of the SHB30315 Certificate III in Nail Technology under the Hairdressing and Beauty Services Training package (SHB).

This program has been designed for those individuals who wish to be employed as a nail technician to provide nail services including the application and use of nail art, electric drill, acrylic and gel nail enhancements.

These individuals possess a range of well-developed technical customer and service skills where discretion and judgement is required and are responsible for their own work outputs.

This includes client consultations on nail care products and services. Nail technicians may also be self-employed and responsible for managing their own nail station. Work is typically conducted in a nail or beauty salon.

The Nail Technician Program may be a stand alone program or utilized as a stepping stone to a full SHB30315 Certificate III in Nail Technology or other beauty qualifications.

Course Duration

1 day per week or 2 evenings per week for 10 weeks.
