

COURSE OVERVIEW

Do you love nails, being artistic and have a creative flair you wish to explore? SHB30321 Certificate III in Nail Technology will provide you with the ability to complete a range of nail services. You will develop practical skills and knowledge so you have the ability to care for and enhance the appearance of nails. You will explore your creativity and skill in nail art and learn to use all the equipment, product and tools of the trade.

You will also undertake a number of business units to help you on your way to establishing and marketing yourself as a Nail Technician with our Certificate III in Nail Technology.

You will learn how to provide a broad range nail services including:

- Acrylic nail enhancements
- Gel nail enhancements
- Dip powder system
- Electric file & nail art
- Manicure & pedicure
- Apply safe hygiene, health and work practices
- Business related units

Certificate III in Nail Technology is the entry level qualification to the nail industry. This course will allow you to develop skills, knowledge & techniques to proceed in this exciting and creative industry.

This qualification provides a pathway to work as a Nail Technician or Spa Manicurist in any business that performs nail services. This can include beauty salons, nail salons or working as a freelance Nail Technician.
